There were 23 special event programs highlights included the following: Take Your Child to the Library Day Live Animal Program, The Good Dinosaur Movie, Egg Hunt, Babysitting Course and Adult Coloring Night. Several children's programs are scheduled for May, June and July. * see attached report / flyer

The library board of director's feel that Marsha Hilsenrad (who would be driving to Middletown) should be reimbursed for gas and wages. The salary cost would be from September 2016 to August 2017. Report from Bill Powers / 3 Windham's Firefighter's Incentive Program Committee ~

Bill Powers stated that the draft would be presented soon. Joseph DeMarchi questioned if this would be a recommendation or a vote. Bill stated that the draft would be presented to the Board of Director's then it would go to the Town for approval. He stated that there might need to be a modification to the Town Ordinance. Mark Herrick gave an overview of how the Tax Abatement came about. Jean Chaine explained that the town has to approve the modification because they are responsible for the tax collection.

Windham Center Fire Department ~

Chief Lloyd Niles presented the March report noting (62) calls for the month (18) of them being mutual aid. There were (5) training sessions for the month. He also presented the report noting (65) calls for the month of April (20) of them being mutual aid. There were (7) training sessions for the month. * See attach report. Joseph DeMarchi questioned how many active members that the department had and what was the average per call. Chief Niles stated that he had 24 active members and the average was 5-7 per call. He stated that some calls he may have more and some may be less.

South Windham Fire Department ~

Chief Patrick Farley also presented the monthly report noting (56) calls for the month of April with (6) being mutual aid and (31) being automatic aid. There were (8) training sessions for the month. Chief Farley handed in the March report at the April meeting but it was not discussed. *See attached report. Joseph DeMarchi also questioned Chief Farley on his membership and average per call. Chief Farley stated that he had 15 active members and had on average 4-6 per call.

North Windham Fire Department ~

Chief Jeff Wrana presented the monthly report noting (62) calls for the month April with (15) of them being mutual aid. There were (5) training sessions noted for April. An EMT refresher was also held. *See attached report. Joseph DeMarchi questioned how many active members and average per call. Chief Wrana stated that he had approximately 35 active and 6-7 per call. He would have to pull a report for more accurate numbers.

Old Business ~

President Rayhall stated that she would like to review the By-laws to see if everything is in order and to see if anything needed to be updated. She stated that the original date of May 9th would need to be changed to May 23rd at Windham Center Fire Department at 7p.m.

President Rayhall questioned Windham Center Fire Department President Josh Niles if there was an update on the proposed new fire station. Josh stated that they were back to the drawing board. The report from the wetlands was not clear if the lot would be buildable. The lot would need to be filled in, so they withdrew their application.

Joseph DeMarchi questioned if the fire departments had looked into combining departments. Chief Niles stated that home owners insurance would go up if there were only department to serve South Windham and Windham Center. The ISO rating would change because homes would no longer be near fire stations. Chief Farley stated that he did not think that this was the venue to discuss the issue. He also questioned if there was a need to consolidate. Chief Niles stated that the taxpayers would have to approve the change. Bill Powers stated that it was an important issue that needed to have a well thought out process. The departments need to look to the future. Brief discussion was held.

New ~

Michael Lessard spoke about the small roads surrounding the Windham Green. That there was discussion to close one of the roads. The Pageau Trust is putting in a rose garden.. Michelle Maclure stated that The Garden Club would not be able to maintain another garden, that they have several that they are responsible for already. Michael advised that Scott Claremont was the contracted landscaper for the project. Town of Windham Public Works would be maintaining the garden. The garden being installed is planned to be a low maintenance garden so that it will be easier to care for. President Rayhall will speak with Claremont and The McGraths to discuss the plan. Chief Niles is concerned that apparatus will not be able to get to homes if roads are closed. Resident Michael Rohan stated that half the apparatus cannot make the turn onto the smaller roads. Brief discussion was held.

Public Comment ~

Michelle Maclure asked if the WFTD could request a trooper to sit in the area of the Guilford Smith Library because of excessive speed of vehicles in the evening. Joseph Demarchi questioned if it wre possible to borrow the speed trailer from the Willimantic Police Department. Theodore Colwell stated that the matter had already been address at the Traffic Calming Commission. That a request has already been made.

There was additional discussion about the fire department reports and how to have them more uniform. Mark Herrick stated that there needed to be more commonality. The chiefs need to know what is requested. FireHouse Software allows for all types of reports to be generated. As long as parameters are set all the reports would have the same information.

Joseph DeMarchi questioned what type of information the board was looking for. Discussion was held. This item was sent back to the fire departments and Elaine Rogers to discuss at their meeting.

Motion made by Andrew Carey III to adjourn the meeting, seconded by Elaine Rogers. Motion accepted and meeting adjourned at 2014 hours.

Respectfully submitted,

Helene E. Chapman

A Request for Unexpected Expenses
May 2, 2016

I know many of you have read the State is closing the Willimantic Library Service Center in September 2016. That closing will have a big impact on the services we offer the children of Windham Center. Our Librarian will have to drive to Middletown in order to pick up enough children's books for our collaboration with Windham Center School, town people who need large print books, and patrons who request and need audio books.

She is willing to drive to Middletown once a month and the Board feels she needs to be paid for her time and for gas. Unfortunately we did not know the State was proposing this change when our Treasurer submitted our budget and the First Taxing District Board voted to approve it.

The September 2016 – August 2017 cost for salary and gas amounts to $960.00.

Given the unexpected situation, we hope the Taxing District will be able to support and help us serve the children and adults in Windham by providing the extra funds we need.

We are all volunteers and appreciate the time, energy and public service we all provide. On behalf of the Windham Free Library – I want to thank you for all you do for our libraries and the Taxing District.
