

Windham Historic District Commission Meeting  
Windham Center School  
October 26, 2011

Commissioners and alternates present: Alice Burns-Decelles, David Dupuis, David Johnson, David Masopust, William McMunn (Chair).

Also in attendance: Marjorie Andrychowski.

The meeting was called to order at 7:30 p.m.

Ms. Andrychowski inquired about the Commission's policy regarding replacing wood shake siding with various simulated shake styles. The Commissioners advised her that while they preferred the original material, fiber cement siding is also acceptable, depending on style and color, particularly for her house which dates from the 1920s. She said that she would consult with her contractor and file an application later for the changes she wishes to make.

The rest of the meeting was devoted to a continuing review of the Guidelines for Property Owners, and several corrections and changes were made to the document.

Next meeting November 30, 2011.

Meeting adjourned 8:50 p.m.

Respectfully submitted,  
William McMunn
