Additions to Agenda: Open Space Acquisition Grant

Discussion and possible action regarding Open Space Acquisition Grant: James described the application he will be putting together to acquire a piece of land near Rec Park. He thought the assessment of the land could be paid for through Open Space Account. The question was asked regarding a community garden in the acquired land. Patricia believes the town should have a walker friendly vision. So, trails would be appropriate.

Consideration of Land Use Proposals

Discussion and Possible Action: Co-sponsorship of Wolf Property Dedication with Joshua's Trust.

Discussion and Possible Action: Improving Quiet Water River Access Points for Canoes and Kayaks.
