MEMO

TO: Inland Wetlands Commission
DATE: September 7, 2010
FROM: James Finger, Windham Town Planner
SUBJ: Agent's Report

*If you are not coming to the meeting, please call 465-3041 to let us know.
Thank You!*

New Business

Craig Lambert, 120 Ballamahack Rd., Windham Center This is an application for a wetlands permit for construction of a 17-18 ft. wide driveway, involving filling 425 sq. ft. of wetlands. The application explains this project, and they have a Soil Scientist report that characterizes the wetlands. The site is currently a heavily wooded and overgrown farm field that has some occasional seasonal wetness. A neighboring property owner on the south side is concerned about increased run-off onto her property as she routinely sees a heavy flow of water crossing her property every spring.

Agent's Report

The Agent has been inspecting a forestry harvest operation on Indian Hollow Rd., and is still in the process of discussing the details with the property owner to secure information regarding the operation to protect downstream wetlands or watercourses; so far there has been no violation.
