FROM: James Finger, Windham Town Planner
SUBJ: Planner's Report

*If you are not coming to the meeting, please call 465-3041 to let us know.
Thank You!*

New Business

John & Patricia Donohue 460 Boston Post Rd., North Windham The Commission took receipt of this application for a renewal of a wetlands permit for the continuation of an existing older Gravel Pit near Joshua Tract parcel. The Commission asked for additional details, and the applicant's representatives have responded with this information.

Loch View LLC 322 Main St. Willimantic – this is an application for a Site Plan for new parking lot on Mill #4 site for use to complete Windham Mills Development so that the prospective buyer can purchase part of the property without acquiring the contaminated Mill #4 site. I do not have the plans for this yet, but was urged by the Selectmen to accommodate the court in this matter.

Agent review/permits

I received an application for a wetland permit for a single-family home to be located on a large parcel at 10 Jerusalem Rd involving the installation of a septic system proposed within 150 feet of a wetland, and footing drain within ten feet. I issued a notice of pendency of the application, which will be published on September 6th.
