Gene Chaine from 275 Scotland Rd., Windham Center questioned if there would still be a meeting with the fire department chiefs and presidents on June 10th. President Rayhall stated that the meeting was still schedule for June 10th that it would be at North Windham Fire Department. Those who will be there are the department chiefs and presidents, also President Rayhall and Director Elaine Rogers. President Rayhall stated that the meeting should be brief and that the chiefs should be aware of the questions before hand so that they have the necessary documentation when asked. Some of the questions are why there is only a 10% difference in two of the budgets. What are some of the fixed costs associated with the budgets? President Rayhall would like to have John Wylie and John Chapman included in the meeting because they are past chiefs.
